

## **Medical, Dental, and Vision Expenses Worksheet**

Fill out this form if you wish to itemize medical expenses on Schedule A. For medical expenses, you can deduct expenses that are greater than 7.5% of your Adjusted Gross Income. For example, if your Adjusted Gross Income is \$100,000, then only medical expenses above \$7,500 will be deductible. If you are unsure whether you can itemize your medical expenses, then feel free to fill out this form and we will determine if you can itemize. The more thorough you are in listing ALL applicable expenses, the better the deduction you may qualify for. Make sure you keep receipts to substantiate these expenses for your own records. Do not submit actual receipts to our office.
